EXPECT TO CARRY LOAN OVER TODAY

Treasury Is Still Officially More Than Billion Below Its Goal.

HEAVY BUYING MARKS END

Last Day Opens With Selling Organizations Working Hard Everywhere.

ST. LOUIS AGAIN IS FIRST

For Third Time District Is in Lead in Reporting Total Quota Taken.

WASHINGTON, May 9.—Nearly \$1,200,000,000 remains to be subscribed to the Victory Liberty loan in the single day remaining of the campaign. Sales tabulated tonight by the treasury showed \$3,314,870,000 already subscribed or 73.66 per cent of the total required.

Total subscriptions announced tonight by the treasury really represent campaign results of at least 24 hours earlier, and subscriptions actually taken today, together with the first 10 per cent of the total, will not show in the official totals until tomorrow night. By that time, when the treasury closes, another \$500,000,000, representing today's work, is expected by treasury officials. This would raise the total to approximately \$1,200,000,000 and leave the remainder of the \$1,300,000,000 loan to come from the final day's sales.

Largest Day.

The increase today was \$486,302,000, the largest of any day in the campaign. For the third time in as many consecutive campaigns the St. Louis district achieved the honor of being the first district to obtain its quota for the entire country. Latest reports from St. Louis tonight show the district with a percentage of 100.1 and is said to be going strong for a big over-subscription. The New York district also is within striking distance of its quota.

Features of the day's campaign included the jump of the New York district from fifth to second place with a gain of \$23,000,000; the Kansas City district from seventh to fourth place with a gain of \$14,000,000; and the Philadelphia district from sixth to fifth place with a gain of \$17,000,000.

Baker Issues Appeal.

Secretary Baker tonight issued the following statement: "The American army of occupation is patrolling the Rhine at Cologne. The rest of our great expeditionary force is rapidly returning home, where it is being demobilized and resold to the industry of the country. We must pay our soldiers and must feed, clothe and transport them until the last man is discharged. We must pay too, for the vast accumulations of stores provided for the use of the army and satisfy the debts of honor which our country undertook as its share of the first undertaking whereby the war was won.

"This is the last great test. This loan is the last chapter in the story of America's supreme achievement. It must be worthy of the other chapters in that story written by the soldiers at the front and the civilians at home and together telling of heroism, sacrifice and determination in a patriotic and righteous cause."

Navy Raises Quota.

Again setting the pace for the entire country, the navy today officially subscribed its quota. Reported subscriptions in the navy were in excess of \$15,000,000, while the official quota had been set at \$12,500,000. This figure being based on the proportionate reduction in the navy's quota and the 23 per cent curtailment of the navy's personnel since the last campaign.

RUTH GARRISON IS FOUND MENTALLY IRRESPONSIBLE

SEATTLE, Wash., May 9.—Ruth Garrison, 18-year-old girl, who confessed to the poisoning of Mrs. Grace O. Storrs, her rival for the love of D. M. Storrs, on March 18 last, was found not guilty late today, because of mental irresponsibility at the time of the crime.

The jury was given the case at 11:20 p. m. and returned with a verdict of "not guilty" at 1:30 p. m. Under the state law the court would be compelled, as a result of the verdict, to sentence Miss Garrison to the state penitentiary at Walla Walla for treatment for the criminal insanity, but as there are no accommodations at the penitentiary for women of this type, she will be transferred to the state hospital here.

Smiling, Miss Garrison received the verdict, then with a laugh she kissed her mother. As she was led from the court she was laughing merrily.

WHAT EVERY MOTHER KNOWS
He may be a dandy and pale and thin. He may be freckled and queer to see. He may be dimpled of cheek and chin. But whatever the sort of a babe is he the mother knows in her tender way. He may be a wonderful man some day. He may be a puddy nose and ugly ears. There may be a mole in his little eye. And his legs may look like a pair of sparrows. But the mother sees while he's in her arms. A thousand joys and a thousand charms. Yes, she knows that her babe is fair. She sees what others can never see. The son of the man that is glowing here. And the promise of splendors soon to be. And the mother knows when he goes to rest. That of all the babies her own is best. (Copyright, 1919, by Edgar A. Guest.)

ALLIES NOT SUPPORTING RUMANIAN DRIVE

By The Associated Press.

PRESIDENT TELLS ALLIANCE OBJECT

Cables Tumult That Purpose Is to Help France If the Huns Make Attack.

IS SUPPLEMENT TO TREATY

Promises to Ask Senate to Give Pledge—See League Aid in Proposal.

BORAH THREATENS A BOLT

Idaho Senator Intimates He May Leave Party Unless It Opposes Covenant.

WASHINGTON, May 9.—In response to an inquiry from Secretary Tumulty President Wilson cabled today that he had promised France to propose to the senate in connection with the peace treaty a supplement in which we shall agree, subject to the approval of the council of the league of nations, to come immediately to the assistance of France in case of unprovoked attack of Germany.

"Happily there is no mystery or privacy about what I have promised the government here," the president cabled. "I have promised to propose to the senate a supplement in which we shall agree, subject to the approval of the council of the league of nations, to come immediately to the assistance of France in case of unprovoked attack of Germany, which we should be bound by the covenant of the league of nations."

Senators Wait

Authoritative statements of opinion of most senators on the treaty of Versailles probably will not be forthcoming until after congress has met in executive session. Republican leaders have announced their determination not to give final conclusions until they have had an opportunity to study the full text of the treaty and the understanding here now is that the document will not be made public until after it has been signed. In the meantime congress will have considerable work to do.

Senator Borah of Idaho, republican, in a letter to the editor of the Boston Transcript reiterating his opposition to the league of nations, said that the republican party would state its position as to the league and the employees whereby the men will resume work Monday. All differences between the company and employees have been settled.

"It is a matter about which only cords and political pangs could have no convictions," wrote the Idaho senator. "Can a partisan understand such circumstances ask what about 1907? Can a political party renounce the independence and independence of the United States and still expect to hold the confidence and respect of a vigorous and brave people? Can it decline to have its name and its flag used in a white-washed and smelling around as a white-washed satellite of a foreign expediency? It would be a thousand times better to stand forth even if defeated with a clean conscience."

"If the republican party could even through defeat save the sacred traditions of America, preserve American institutions and maintain unimpaired the independence and untrammelled sovereignty of the republic it would render a service never even to its heroic service under the leadership of the blessed martyr. But suppose it could be said to such men as myself that the party might be in favor of the proposition. Very well, let it say so. Let it surrender its place if it wants an independent and untrammelled republic. I wish to give special credit to Judge Ed Warren for the services rendered. His counsel in both sides avoided trouble and aided me considerably in bringing about this peaceful and satisfactory agreement."

Agreement Is Signed

The following agreement was signed this afternoon by the company representatives of the employees and the government representatives: "I hereby certify that on this 9th day of May, 1919, Messrs. J. W. H. H. and H. T. James, in behalf of the employees, blacksmiths and other workmen, and the government representatives, have signed a peace agreement."

Norris Opposed

Senator Norris of Nebraska, republican, concurred in previous announcements by Senators Borah and Curtis of Kansas, opposing the proposed alliance between the United States, Great Britain and France. He said such an alliance would lead to all alliances by other groups of nations with a resulting invitation to war.

Officials professed tonight to be without information as to when the president planned to return to Washington. It is generally believed, however, that he will not start for home until the treaty has been signed and that he will present it in person to the senate. A well-sourced opinion is expressed that he will tour the country, speaking in support of the treaty and the league covenant.

Kolchak's Advance Expected to Solve Problems in Russia

Admiral Kolchak

PARIS, May 9.—The spectacular advance of Admiral Kolchak's forces in Siberia is looked upon as the solution of the Russian problem. The admiral's government at Chomsk, reports say, will soon be recognized by the allies and the anti-bolshevik factions in Russia, thus bringing about a stable government once more for Russia.

M'EWEN STRIKE ENDS; MEN GO BACK MONDAY

Government Conciliator Irons Out Differences Between Strikers and Employers

UNION IS NOT RECOGNIZED

Fact Signed by Both Parties Agreeable to Organized Labor, Says U. S. Mediator.

Following the meeting of the officials of the M'ewen manufacturing company, representatives of the employees and Robert M. McWade, United States conciliator commissioner of the department of labor, held late Friday afternoon an agreement was reached between the company and the employees whereby the men will resume work Monday. All differences between the company and employees have been settled.

"Too much credit cannot be given to the fact that the company, for the part he played in the settling of the strike," said Mr. McWade Friday night. "I found Mr. McWade a man of uniform convictions. He is a man of affairs and a quick-witted and broad-minded man."

"My negotiations at the outset were largely with Earl W. Sinclair, Roger Kemp and Joseph Evans, all direct representatives of the company. They men a splendid representation of American citizens, progressive, broad minded and patriotic; fully alive to the interests of the community and desirous of furthering its natural interests."

150 Go to Work Monday

"All the men will resume work on Monday. Due to the large amount of business there will be over 150 men start work on Monday."

"It was ordered by the government to work for the elimination of all industrial unrest and am delighted to be able to say that the union and non-union employees and civilians worked as tireless and energetically as any gentlemen I have ever met."

"I wish to give special credit to Judge Ed Warren for the services rendered. His counsel in both sides avoided trouble and aided me considerably in bringing about this peaceful and satisfactory agreement."

Agreement Is Signed

The following agreement was signed this afternoon by the company representatives of the employees and the government representatives: "I hereby certify that on this 9th day of May, 1919, Messrs. J. W. H. H. and H. T. James, in behalf of the employees, blacksmiths and other workmen, and the government representatives, have signed a peace agreement."

TULSA FINISHES 'VICTORY QUOTA

Whirlwind Conclusion Puts City \$200,000 Over the Required Mark.

MONEY STILL IS COMING IN

Small Towns of Country Yet to Be Heard From Will Swell Over-subscription.

NO BONDS SOLD TO BANKS

Tulsa Business Men Preserve City's Clean Record Without Aid From Banks.

Tulsa county's quota... \$1,623,000
Subscribed... 5,842,650
Over-subscribed... 203,650

Tulsa rang the bell again Friday when she came down hard on the Victory Liberty loan with an over-subscription to the last loan amounting to \$203,650.

Almost in the last hours of the campaign a surprising revival of patriotism and Tulsa spirit finished the job and added up a total of \$1,642,650 as reported by campaign managers at noon Friday. Subscriptions were reported still going into Tulsa Friday afternoon but satisfied not on their home campaign, the bankers did not bother to make another tabulation. The more recent sales will be added into the total today noon but it is probable that the complete figures on sales made here for the last loan will not be available until credit is allowed by the Federal Reserve bank in Kansas City.

Quota May Grow

But City Manager Davenport believes Tulsa's over-subscription to the last loan will be several thousand dollars more than the figures reported Friday. Several small towns throughout the county have not yet attained their respective quotas but are expected to report "all finished" by noon today.

As a surprise came the announcement of completion of the quota. During the past week the task faced by the city was "stayed" with the ship; while interest waned and subscription totals dwindled daily, appeared impossible of accomplishment. During the past week even the fact that Tulsa was "stayed" with the ship; while interest waned and subscription totals dwindled daily, appeared impossible of accomplishment. During the past week even the fact that Tulsa was "stayed" with the ship; while interest waned and subscription totals dwindled daily, appeared impossible of accomplishment.

City Manager Davenport attributes the successful finish of the campaign here to the fact that a number of large concerns, as dark horses, reported increased subscriptions and snatched victory from defeat. Manager Davenport refused to divulge the names of those who gave the Tulsa loan a debt of gratitude.

"We sold every penny's worth to the people and our industrial concerns," said Mr. Davenport. "Despite the fact that Mr. Davenport almost the entire allotted time to 'finish the job' we were not compelled to sell even a \$50 bond to a bank. Of course the banks will want to take some yet, but that is not the point. The fact is that Tulsa owes a debt of gratitude to the people and our industrial concerns."

Election In Mexico

WASHINGTON, May 9.—Guerrilla election campaigns have opened in eight Mexican states said today from Mexico City. The campaigns are being hotly contested.

Flight of Planes on Second Lap Postponed Until Today

WASHINGTON, May 9.—Postponement of the flight of the two navy seaplanes from Halifax to Trepansey Bay, N. E., until tomorrow officially reported by the navy department today, did not dampen the local enthusiasm for the successful accomplishment of the trans-Atlantic air journey. Postponement was due to a desire to replace four propellers.

It was assumed that propellers on both the N-1 and the N-2 showed signs of wear which prompted Commander John H. Towers to wait over a day at Halifax. Naval vessels are being moved today into their stations along the path to be followed under a regular schedule and nothing short of further accidents would develop. It was said that would make a prolonged delay starting for the Azores necessary.

Drummond Assumes Duties as Secretary of Nations' League

Sir Eric Drummond

PARIS, May 9.—Sir Eric Drummond, who was named first secretary of the league of nations, has arrived in Paris and is assuming his duties in connection with the organization of the league of nations. A meeting of the committee on arrangements has named Stephen Pichon, French foreign minister, first chairman. He will serve until the first meeting will be held in Washington in October. Mr. Drummond is to receive a salary of \$25,000 a year.

EASTERN INDUSTRIES SWAMPED—LORTON

Tremendous Volume of Post-War Business Minimizes Interest in International Affairs

Factories Are All Busy

Editor of The World Finds Harry Sinclair to Be Financial Factor in Wall Street.

The league of nations is not bothering the business men of the east who are so busy adjusting their affairs by reason of the war's end and in looking after the tremendous volume of business which is piling up in the big industrial centers that they are willing to let the bigger affairs of politics rest in the hands of diplomats without their interference.

Eugene Lorton, editor of The World, who, with Mrs. Lorton returned home yesterday after an extended trip to New York and other eastern points, found a remarkable sentiment toward world affairs which is at variance with the conditions which exist in the west, especially with regard to the progress of the peace conference at Versailles.

"Business men have their hands full looking after their factories, which are laboring along under the piled-up orders kept piling holes by war and which the armistice released only to be augmented by a flood of post-war orders which the return of peace unleashed," Mr. Lorton said. "Given a matter of politics, there is little disposition to make a party issue out of the league of nations or the peace treaty. When this document gets before the senate, there will be a matter of politics, opposition and its acceptance will be subject to the same source of protest as that which has been encountered in other international affairs with little regard to politics."

"New York city is crowded with returning soldiers and with relatives of returning soldiers who have gone there for family reunions since the war. The city is naturally jammed with people who come from all parts of the country. At best under normal conditions, New York is always crowded. Now, with these thousands of transients crowding in, the result can be easily imagined. There is a big agitation against high rents in New York but the condition there makes this natural."

"I had a nice visit with Harry Sinclair, and to going the rounds there I was able to appreciate just what a factor he has become in the financial life of the country. He is regarded as one of the 'big men' of the 'street' and those who know him by this term is applied, know the significance that is attached to going into a 'big man' in New York. Tulane does not fully appreciate what it means to have one of their citizens occupy a place of such prominence in the country's financial circles and the fact that Mr. Sinclair, all parts of the country. At best under normal conditions, New York is always crowded. Now, with these thousands of transients crowding in, the result can be easily imagined. There is a big agitation against high rents in New York but the condition there makes this natural."

Talks with Roosevelt

"While in New York also I met Lieut. Col. Theodore Roosevelt. He is a 'chip off the old block.' In many ways he is his father all over again and in talk to him is to be convinced that he holds his father's ideals and his views on what constitutes good citizenship. There is nothing about him to indicate that he is departing after his father's era of seeking to

DISAPPOINTMENT IS FELT

Hopes of Easy Peace Are Shattered With Publication of Terms.

By The Associated Press.
BERLIN, Thursday, May 8.—The people, though fairly stricken dumb by the peace terms, are now recovering sufficiently to declare that Germany can not and will not sign the compact no matter what comes. Strikes are increasing and bolshevism and the Spartacist uprising of the past two months have, if anything, made Germans immune to the periodic horrors which are to be anticipated if they are again plunged into war, according to the best opinion here.

There exists a small group of German, chiefly conservatives, who prefer to see the entire country the whole country than to have it bolshevized.

Reports from the Versailles correspondence emphasize the feeling of amazement and excitement which prevailed in reading of the terms of the peace treaty. All the correspondents agree that so hasty a decision will be reached. A fortnight is allowed the Germans for an answer, and this time will be used for careful consideration of the demands and the preparation of counter suggestions, the correspondents say.

There is much speculation in Berlin as to whether the terms represent maximum demands which may be reduced or whether they are minimum and irreducible.

HERNE, May 8.—(craves).—The German government has telegraphed to the delegates at Versailles ordering them to present to the allied and associated powers within the 15 days allowed, a proposition demanding verbal discussions, dispatches from Berlin say.

The peace committee of the German national assembly at a meeting Thursday discussed the peace terms. President Fehrenbach of the assembly declared the terms presented to Germany were more drastic than the most pessimistic forecasts had indicated and that the provisions meant the perpetual enslavement of the German people. He declared that the treaty was dictated by hate.

Chancellor Scheldemann, Berlin dispatches said, pointed out what he called the contradictions between President Wilson's principles and the peace terms. He described the terms as being a death sentence for the German people.

BERLIN, May 9.—There is only one immediate solution—peace with Russia and the use of the bolshevik troops for Germany," Herr Glibbert, one of the German delegates at Versailles, is quoted by the Neue Zeitung as declaring with reference to the peace terms submitted.

Other of the German delegates are quoted by the newspaper's Versailles dispatch as follows: "The cruel announcements of the press have been continued on PAGE EIGHT

Oklahoma Goes Over the Top in Victory Drive With More Than Quota

KANSAS CITY, May 9.—Two states in the Tenth federal reserve district went over their quota in the Victory Liberty campaign today, district headquarters announced here tonight.

Oklahoma, with subscriptions of \$28,508,050 officially turned in, has a percentage of 100.79, and Colorado, with subscriptions of \$10,350,000, has a percentage of 100.35 per cent, representing subscriptions of \$28,500,250.

With a total of \$150,481,050, or 77.17 per cent, reported tonight, district officials expressed confidence that the district quota would be exceeded easily.

AMBULANCERS ON WAY HOME TODAY

Tulsa's Own Heroes to Leave Camp Merritt This Morning on Last Lap Home

PROGRAM HERE COMPLETE

Greatest Celebration in History of City Will Be Turned Loose on Arrival

MAYOR IS TO LEAD PARADE

All Discharged Soldiers Are Urged to Appear in Uniform and March.

World's Washington Bureau.

WASHINGTON, May 9.—The Tulsa ambulancers and 167 casualties who are accompanying them to Camp Bowles for demobilization will parade in Tulsa Tuesday, it is now figured. The war department announced that the 97 Oklahoma ambulancers and the casualties would leave Camp Merritt tomorrow.

It is barely possible they will reach Tulsa late Monday, but Tuesday is the best guess. Col. M. A. McAndrews of the general staff said that in addition to seeing their home boys Tulane would get to see doughboys from half a dozen divisions at the same time.

Many of the 167 casualties were members of the Rainbow division, but they come also from many other divisions and saw service on every battle front.

Tulsa has the stage all set for the reception of the ambulance men and, though promised 24 hours notice before the arrival of the company, the committee is prepared to throw off the celebration in five minutes, start every whistle in the city blowing, close every shop and store in town and turn out the people as they have never turned out before, to greet the returning heroes.

Arrangements for the reception depend upon whether the boys are coming home to stay or for a visit, but the committee is provided for any contingency and will make the celebration in honor of the home-coming of the men a success, regardless of the details.

May Arrive Tuesday.
In any event it is expected that they will arrive in Tulsa on the Frisco railroad from the north at noon, probably on Tuesday. This is a most fitting time for the carrying out of the elaborate program that has been planned for the parade. The parade feature which has been admirably worked out.

Mrs. C. E. Lahnman, who has been chosen by the ambulancers as the god-mother of the company, is chairman of the committee on arrangements, composed of the following members: Mesdames E. W. Hines, J. H. Hines, M. M. Mordor, Al. G. Heggem, J. H. Markham, H. Rogers, Bernard Capps and J. W. Sanders; Major Alva J. Niles, Messrs. E. Roger Kemp, H. N. Giles, C. E. Lahnman, F. W. Sinclair, J. E.
